

Collection of Protected Personal Information

This agency uses various funding sources to provide important services to you and others. Some of these sources require that we collect and store information about the persons we serve. This information is used to determine eligibility for services. We also use it to report on program effectiveness, but personal identifying information is generally not provided in these reports.

This agency participates in the KYHMIS and stores the data that we collect in this system. In accordance with federal regulations, this agency and our data entry staff have signed confidentiality agreements to certify that we will safeguard your private information.

We only collect information that we consider to be appropriate.
