

MAYOR GREG FISCHER

Welcome to our Juneteenth Jubilee Celebration!

Juneteenth, the oldest known holiday commemorating the final communication of the abolition of slavery in the United States, has long been a day of celebration in the Black community. I believe it's well past time that everyone honors the victory for freedom that Juneteenth represents – and that's why I signed an executive order recognizing the day as an official holiday for Louisville Metro Government (LMG) workers, and why we've created and are supporting a city-wide Juneteenth Jubilee Celebration.

A special thanks to members of our 15-member commission who are committed to making this three-day commemoration a fantastic and fitting addition to our city's events. They have helped develop a series of educational and cultural events and community-wide celebrations this year, and we're already looking forward to what's in store for 2022 and beyond.

Juneteenth is part of our nation's shared history. The proud moments and the painful. We own all of it. We claim all of it. Just like we claim our shared future – a just and equitable future that we are creating together.

– Mayor Greg Fischer
